

EASY POUR BOTTLE STOPPER

INSTRUCTION MANUAL

Ever gone to pour oil or sauce and ended up with way more than you wanted?

This easy pour bottle stopper gives you smooth, controlled pouring without having to twist, squeeze, or wrestle with a lid. It slots straight into glass bottles and uses a flip-top spout so you can open, pour, and close with one simple motion.

The steady flow helps prevent splashes and spills, making everyday cooking feel calmer and more in control, especially if your hands get sore, tired, or shaky. It is one of those little swaps that makes the kitchen feel more accessible without changing how you cook.

Great for:

- Cooking oils and olive oil bottles
- Salad dressings and sauces
- Vinegar and syrups
- Reduced grip strength
- Tremors, fatigue, or shaky hands
- Arthritis or joint pain
- Everyday cooking and seasoning

Features:

- Smooth, controlled pouring
- Flip-top lid for easy open and close
- Rubber seal fits snugly into glass bottles
- Helps prevent drips and spills
- No twisting or squeezing required
- Easy to clean

EASY POUR BOTTLE STOPPER

INSTRUCTION MANUAL

Image Description: A small bottle stopper with a black rubber base and a curved silver spout. It features a flip-top lid on the tip to control pouring and keep contents fresh. Designed to fit into glass bottles for easy, mess-free dispensing of oils, sauces, and dressings.
